

# Young Persons' Funding Pot Application Form

HELLO!

Thank you for picking up one of our Berneslai Homes Young Persons' Funding Pot application forms.

The Berneslai Homes funding pot has been created through donations from Inspace Partnership, Bull TLC, our partners and an anonymous donation for the benefit of young people across the borough.

The grants will fund and support a variety of activities, trips and equipment chosen by young people to benefit their group, centre or club.

The funding pot has a panel of young people who decide on the success of the applications, so that the grants provided will be decided on by young people, for the benefit of young people.

Applications can be made for up to and a maximum of £500 per group or project.

We hope this funding stream will positively effect and encourage the engagement of young people across the borough, improve provision and enhance cohesion within our communities.

If you have any questions of queries or need help with the application form please contact Leon Sidebottom on 01226 772733.

If you need more space to complete any of the questions please attach any extra sheets to your application form.

**Please return your completed forms to
