### Primary questions

#### **1. Total number of garages currently owned or managed by the council**

As of 11/08/25 Berneslai Homes manage 1493 Garage and Garage Plots\* on behalf of Barnsley Council.  
\*Garage Plots are bases which the tenant rents and has to erect their own garage.

#### **2. Total number of garage blocks**

720 garages are part of Block Built Garage Sites and 773 garage plots.

#### **3. Number of garages currently tenanted**

As of 11/08/25 there are 976 tenanted garages and garage plots.

#### **4. Number of garages currently vacant**

At present there are 517\* garage and garage plots vacant.

\*Please be advised that not all of the 517 are awaiting allocation. Some sites are awaiting demolition or repurposing, and allocations are not made on these sites pending full review.

#### **5. Average monthly rental price for a garage**

Garage: £7.34 p/w when occupied (£29.36 p/m over a 48 week charge)

Garage plot: £1.63 p/w when occupied (£5.44 p/m over a 48 week charge)

#### **6. Number of garages considered unlettable or in disrepair**

Berneslai Homes are unable to answer this question at present as we are reviewing garages and garage plots.

#### **7. Whether garage management is handled internally or outsourced (if outsourced, please name the third party)**

## **Berneslai Homes - Freedom of Information 2025-2026: Lettings**

We manage the allocation, income collection and management of garage sites and plots internally. In terms of maintenance, the Property Services Repairs Team (internal partner) deal with two thirds of the borough and Wates look after one third of the borough and will manage repairs to garages/plots that land under their area.

### **8. ~~E~~stimated annual revenue lost due to vacant garages**

Based on 232 empty garages (not including plots) at £29.36 p/m – estimated annual revenue loss is £81,738.

Please note as above, due to the review of garages and plots, Berneslai Homes cannot confirm that all empty garages are awaiting reallocation.

### **9. ~~A~~verage duration garages sit vacant before being re-let**

We aim to re-allocate every Garage/ Gare plot as timely as possible. They are allocated in line with our lettings policy and waiting list. At present some sites are under review for demolition or repurposing, meaning allocations for specific sites are on hold. Due to the review of garage sites, generating a report to provide this figure will not be possible.

### **Secondary questions (optional, if readily available)**

#### **10. ~~G~~arage occupancy rates for the past 3 years**

Not readily available on our systems

#### **11. ~~B~~reakdown of void reasons (e.g. disrepair, access issues, planning constraints)**

Not readily available on our systems

#### **12. ~~L~~ettings policy or eligibility criteria for tenants (e.g. can anyone rent them?)**

This is a summary of our policy:

The current policy is that garages or plots are allocated in priority order and then in date order, when allocating garages or garage plots we look at applications in the highest priority category first and only move on to lower priorities if there is no suitable applicants left.

Priority One - Any current garage or garage site tenant who we wish to move to another plot for management reasons e.g. Demolition.

Priority Two - Current council house tenants in date order of application.

Priority Three – anyone who is not a Barnsley Council tenant, in date order of application

Priority Four - Current garage or site tenants wanting additional garage/site. Transfers from one garage to another

Any applicant who has a garage or garage site tenancy and who wishes to transfer to another site must make a new application and will be considered in line with the above priority scheme.

#### **13. ~~N~~umber of people currently on a waiting list for garages (if one exists)**

There are 429 applicants registered for a garage plot and 942 applicants registered for a garage. Please be advised we have not undertaken a review of the register in the last 12 months and these figures may be greater than the actual list, typically following an annual review these figures would decrease over 40%.

#### **14. ~~S~~oftware/system used to manage garage lettings**

NEC

#### **15. ~~T~~otal rental income from garages in the last financial year**

The 24/25 garage rental income was £217,509

#### **16. ~~A~~ny plans to sell, redevelop, or repurpose parts of the garage portfolio in the next 3 years**

## Berneslai Homes - Freedom of Information 2025-2026: Lettings

There are no specific plans at this stage, however, the review of garages and garage plots is ongoing.

### **17. Number of people employed internally to manage the garages**

There are no roles within Berneslai Homes with the sole function of garage and garage site management. Different teams manage the various aspects. I.e. Lettings manage allocation, Income manage collection, Neighbourhood Team manage any tenancy or estate issues.

### **18. Average response time to an inbound garage enquiry**

We do not monitor this specifically to garage sites. We aim to answer 70% of non-priority phone calls within 5 minutes. Our standard target response time for e-mail enquiries is 5 working days. We have a garage plot and garage site application form and our target is to assess the application and confirm with the applicant within 6 weeks of receiving the e-form.

### **1. How many people are currently in each of your council's priority Bands for council and housing association allocation (eg. Number of people in Band A, B, C, D, etc)?**

Please find this data included in the table below for Bands 1-4 (as of 06/10/2025)

Please be advised that prior to the BMBC Lettings Policy 2024 Berneslai Homes operated with 5 bandings. Band 5 was designated to applicants out of district with no local connection.

### **2. For each of your council's priority bands, how many people were allocated housing in the following financial years (1 April-31 March\*): 2018-19, 2019-20, 2020-21, 2021-22, 2022-23, 2023-24, 2024-25?**

Please find the data we hold included in the table below.

### **3. How many people were in each of your council's priority Bands at the end of the financial year in: 2018-2019, 2019-2020, 2020-2021, 2021-2022, 2022-2023, 2023-2024, and 2024-25?**

Please be advised this data is not held for all provided financial years. Please find our held data from archived reports included in the table below.

### **4. Do you have a quota/policy for housing allocations from each priority Band and, if so, please could you provide it?**

Please be advised the Barnsley Council Lettings Policy 2024 does not operate a quota system.

The criteria for priority bands (1 to 4) used by Berneslai Homes is publicly available in our lettings policy published on the Berneslai Homes website:

**N.B. Please note this data has been split between for the 23/24 financial year and then from April 2024 when the new lettings policy came in to effect.**

## Berneslai Homes - Freedom of Information 2025-2026: Lettings

To note that until 1<sup>st</sup> April 2024 when the current policy became effective we allowed 1 spare bedroom in a house and we did not have underoccupancy rules in 1 and 2 bed flats and bungalows. Under the current policy (effective 1st April 2024) we do not allow spare bedrooms in houses but we still do not have underoccupancy rules in 1 and 2 bed flats and bungalows.

Also please be advised there are some lettings in 2024/25 where the bid and offer were made under the old policy as the vacancy was advertised before the change in policy.

The following provided data is for the whole of Barnsley as your request did not ask for this question response to be broken down into areas.

Since the introduction of the new Housing Policy in 2024 (designed by Barnsley Council and applied by Berneslai Homes), I would like to know:

## Berneslai Homes - Freedom of Information 2025-2026: Lettings

**1. On how many occasions has a “reasonable adjustment” been made to the Housing Policy pursuant to the Equality Act 2010?**

Under the terms of Berneslai Homes’ reasonable adjustment policy we make reasonable adjustments on an individual basis. There is no defined list of reasonable adjustments and these depend upon the individuals’ needs. More information about reasonable adjustments can be found on the Berneslai Homes website here:

<https://www.berneslaihomes.co.uk/your-home-and-estate/managing-your-tenancy/reasonable-adjustments/>

We can however advise regarding Assisted Bidding which allows Berneslai Homes to apply for homes on an applicants’ behalf. This can be put in place if applicants who are registered for rehousing are unable to make bids for available homes through the advert cycle, are using a public PC at a local library, and have no third party support.

Berneslai Homes have a total of 206 applicants registered for Assisted Bidding.

**2. For each occasion, please confirm the section of the Equality Act 2010 under which the reasonable adjustment was made (for example, Section 20: Duty to make reasonable adjustments).**

The Equality Act 2010 is the legislative framework that protects the rights of individuals and to advance equality of opportunity for all. Information on how Berneslai Homes complies can be found in the Reasonable Adjustment policy published on our website.

As mentioned in response to question 1 any reasonable adjustments are made on an individual basis, and there is no defined list of reasonable adjustments. We advise this data is not centrally recorded.

**I would like to request the following data relating to housing allocations in the Monk Bretton and Cundy Cross areas:**

**1. Since April 2020, how many properties in Monk Bretton and Cundy Cross have been allocated to applicants in Band 1 & Band 2 – Social and Welfare priority?**

Please refer to the table below showing lettings by Band 1 and Band 2 for all reasons for each financial year. Figures in brackets for 2024/25 and 2025/26 indicate the number of Band 1 and Band 2 applicants housed where the main priority reason was Social and Welfare.

Prior to 2024/25, we operated a composite assessment policy and did not record separately the main reason for awarding priority.

Year	Band 1 Monk	Band 1 Cundy	Band 2 Monk	Band 2 Cundy	Total
2020/21	19	1	12	1	33
2021/22	17	1	20	1	39
2022/23	18	2	6	0	26
2023/24	22	1	5	0	28
2024/25	20 (0)	1 (0)	11 (1)	0 (0)	32
2025/26	8 (0)	2 (0)	4 (0)	0 (0)	14
<b>Total</b>	<b>104</b>	<b>8</b>	<b>58</b>	<b>2</b>	<b>172</b>

**2. For the same period (April 2020 to present), please provide the year-on-year number of applicants who were on the waiting list for Monk Bretton and Cundy Cross who had Band 1 & Band 2 – Social and Welfare priority at each year point (e.g., April 2020, April 2021, April 2022, etc.).**

Unfortunately, this data cannot be provided as the waiting list changes daily due to new applications joining and leaving the register, applicant priority and reasons, areas requested and application status. This would require significant manual analysis and may still not be accurate.

We can provide a count of applicants who have requested a specific area by priority band as of 10<sup>th</sup> November 2025. These figures include all applicants and not just those with social and welfare priority.

These figures are below:

	All waiting list	All waiting list	Number	Number
<b>Band 1</b>	123	4	45	60
<b>Band 2</b>	707	159	143	258
<b>Band 3</b>	611	120	156	236
<b>Band 4</b>	2267	n/a	685	1008

Further information that we can provide if requested or information that is publicly available:

A snapshot of the housing register as of 1 April 2025, which includes counts by priority band and reason for priority award allocation (this would not be by area applicant is interested in as this is a complex report which we would need to develop).

Data on average bids per property for vacancies let in Monk Bretton and Cundy Cross since 2020/21, which demonstrates demand. This is publicly available for the last two years via the Homechecker tool: <https://www.berneslaihomes.co.uk/housing-demand-tool/>

**1. Do you operate an earnings/income threshold for your housing waiting list? If so, how many people were refused to be placed on it in 2024/25 because their income was above the threshold?**

Yes, where Berneslai Homes assess an applicant has the financial means (through income and assets) to resolve their housing need we deem that they do not qualify to appear on the social housing register. We make exceptions for applicants who meet our criteria for older persons accommodation, who we allow on to the register, but are given the lowest priority.

We started recording the ineligibility reason for income and equity in November 2024, so we are unable to report prior to this date:

- 2024/25** – 39 applicants

**2. Are applications to join the waiting list refused when applicants are deemed unable to afford the rent? If so, how many households were refused on that basis in 2024/25?**

No Berneslai Homes do not refuse applicants who are unable to afford the rent.

**3. Do you make a financial assessment of households pre-tenancy to assess if the applicant can afford the rent? If so, how many households were refused a tenancy in 2024/25 on the grounds that they were deemed unable to afford the rent?**

Berneslai Homes discusses affordability with applicants and where concerns are raised we refer to our Tenant First Team and allocate a Housing Coach who works with applicants to ensure they are tenancy ready. This includes accessing benefits or accessing work through our Ambition Programme.

**4**

We note that in your initial request no question 4 was included, and confirm we have responded to every question received.

## Berneslai Homes - Freedom of Information 2025-2026: Lettings

**5. Do you have a 'Greenlight for Housing' process for applicants who are refused a tenancy on the grounds of insufficient income, whereby you assist them to improve their finances to be able to qualify for a tenancy in a later bid?**

As mentioned above in question 3 – Berneslai Homes offer support for all applicants with financial issues are raised and offer support in maximising benefits and support access to training and employment.

**6. If you have such a process do people who refuse to participate in it have their application for a tenancy voided?**

Not applicable as Berneslai Homes do not refuse access on the grounds of affordability.
